

THE SEVEN STEPS OF YOUR STEM CELL SECRETOME TREATMENT

1 
AT HOME

PROVIDE INFORMATION

Send all documents related to your illness to ANOVA: info@anova-irm.com

3 
AT HOME

PAYMENT

You will receive an invoice from us. Once we have received the payment, your appointment is confirmed.

5 
1 DAY BEFORE LIPOSUCTION

CONSULTATION

You will talk to our physicians about your individualized treatment plan.

7 
4 WEEKS AFTER LIPOSUCTION UP TO 2 YEARS

TREATMENT & MONITORING

You will return to ANOVA for your first infusion 4 weeks after liposuction. Depending on your individualized treatment plan, your treatment can last up to 2 years max. During this time, we will monitor your treatment success.

FILL OUT DOCUMENTS

We will send you three documents via email. Fill out these documents and send them back to us.

2 
AT HOME

PRE-TREATMENT EXAM

On your first day at ANOVA, we will perform an MRI Scan, blood exam and fill out baseline questionnaires.

4 
1 DAY BEFORE LIPOSUCTION

STEM CELL TISSUE EXTRACTION AND PROCESSING

In a fast procedure, we will extract fat tissue via a mini-liposuction. We will then produce your Stem Cell Secretome in our accredited lab.
